泰安市东泰机械制造有限公司

TAIAN DONGTAI MACHINE MANUFACTURING CO., LTD

Company Information

Our main products including:

1, Diesel engine parts (nozzle, plunger, delivery valve, head rotor, injector, fuel pump and other accessories) 2, Injection pump test bench 3, Auto tools 4 Auto parts 5, Special vehicles 6, Turbocharger.....

Production process using advanced computer control and digital display systems, production technology, strong technical force. High quality, high technical performance, with micro-controller and digital functions. Products are sold to more than 100 countries and regions of all over the world.

Our spirit is "excellent quality, excellent price, excellent service" three excellent operating principles of dedication to customer service, for the development of the internal combustion engine testing industry in china and abroad to make greater contributions.
